Dear Friends and Supporters:

The Majken Broby Children's Home has been serving the homeless youth of Roatan for over twenty years. During that time, many children who might otherwise be living in the street have found love, food, shelter and protection at the Home.

The success of the Home is due in very large measure to the generous and loving contributions of people like you, many of whom will never have the opportunity to even visit the children. We want you to know, however, that the love and kindness shown by so many of you has enabled us to do much more for the children than would be the case if you were not involved. For that, we thank you so much. We couldn't do it without you.

I would invite you to stop by and see us if you should ever find yourself on Roatan. We would love to meet you, and we know that the time that you spend with the children would be a tremendous blessing for you.

Appreciatively,

*Glen Solomon*

Dr. Glen Solomon  
President, Majken Broby Children's Home.
